

HEMANT MAURYA

Gurugram Haryana | 7042901060 | sharewithmaurya@gmail.com

Summary

Backend Engineering Manager with over 10 years of experience in designing and managing scalable, cloud-native applications using Node.js, TypeScript, AWS (Lambda, API Gateway), and MongoDB. Expertise in system design, cloud best practices, and microservices architecture, with a proven track record of leading full-stack engineering teams and implementing DevOps pipelines. Skilled in delivering production-grade APIs in fast-paced environments and managing engineering tools for usage monitoring and payment approvals. Currently driving technical excellence at Harappa Learning (now part of upGrad), with intermediate knowledge in cloud technologies and beginner-level experience in generative AI and AI models.

Skills

- JavaScript and TypeScript
- Docker and Node.js
- Leadership and team management
